ESSENTIAL INFORMATION TO KNOW BEFORE YOUR VISIT

OPENING HOURS

8:30 - 19:00

SPOT OVERVIEW

The Duotone Pro Center Kappaladi (powered by KITEKUDA) is located in the northwest of Sri Lanka, just a 2-hour drive from the airport. Nestled beside the picturesque Kappaladi lagoon, our center and accommodation provide direct access to the spot. The lagoon offers ideal conditions for riders of all levels and disciplines. The upper half of the lagoon features waist-deep water, creating a perfect environment for beginners, while the lower part is a foil heaven. Here the wind blows over the beach, creating smooth and butter-flat conditions. If you crave some wave riding, you can easily access the Indian Ocean by heading over the beach, where multiple wave spots await. Additionally, we offer exciting activities such as downwinders and kite safaris, taking you to breathtaking freestyle paradises. Moreover, our center organizes full moon kite sessions, adding a touch of magic to your kiteboarding experience.

OUR USP

The Duotone Pro Center Kappaladi (powered by KITEKUDA) is the only spot where you can kite or foil just a stone's throw away from your room. No need for rides in jeeps or boats – simply step out and kite or wing.

HOW TO GET TO THE CENTER?

The nearest international airport is Colombo, just 2 hours away. We can arrange transfers at a cost of 60-85 euros (one way) depending on the group size. Alternatively, a 4.5-hour bus ride is available at 10 euros.
